Water From Werribee Causes Problems

The Board of Works has asked Werribee Shire to give an undertaking that it will implement an active policy of pollution control to ensure no polluted water is shed into the drainage system and into Cherry Lake, Altona Council was told last week.

In reply to a council letter concerning the risk of polluting the lake water from the noxious trades area within Werribee Shire, the Board said the implementation of a pollution control program was a condition of the Board's permitting Werribee to put underground part of the Brooklyn drain.

The Board said it had, to date, received no reply from Werribee about the condition. "However, it is known that the Werribee Council has been active in the matter of controlling the discharge of polluted effluents and this Board is in receipt of four applications from factory owners to pump waste waters into the Main Outfall Sewer," the Board said.

"I have further to assure you that, as the owner of Cherry's Swamp (which, as you are aware, was purchased by the Board for the purpose of a flood control storage basin), the Board is also concerned that pollution of the water therein, and indeed of all other watercourses and 'lakes' vested in the Board, does not occur.

"In this regard it must be realised that pollution of waters does not arise only from noxious trade or other industrial areas, and it is expected of all Councils that they pursue an active policy of ensuring that all possible steps are taken to prevent or minimise pollution arising

from within their municipalities.

"Further, it should be noted that in negotiations with your Council regarding the use of the perimeter of Cherry's Swamp, the Board required that no putrescible filling be placed in the area because there is strong evidence that the seepage of waters from a normal municipal tip under a concrete surrounding wall has caused uncontrollable weed growth in a similar body of water and seriously affected the use of the water for most activities."

Cr. W. L. J. Crofts asked that the Board's letter be deferred for 14 days so the matter could be taken up with the Board to find out the full implications contained in it.

Altona's City Engineer, Mr. R. C. Simmons, blamed drainage water from Werribee Shire — together with water from Melton Shire and Sunshine — for flooding of the Railway underpass at Merton Street.

Laverton Progress Associa-

tion wrote to Council drawing its attention to silting of the underpass after heavy rain.

"Drainage waters which cause the trouble at the Merton Street underpass originate in the Shire of Melton, the City of Sunshine and the Shire of Werribee," Mr. Simmons said. "The area within the City of Altona that contributes to drainage water at the underpass is negligible."

He quoted a letter Council received from the Board of Works in December, 1968.

"In reply to your letter of August 5 last regarding flooding of the Merton Street underpass beneath the Geelong Railway, I have to advise you that although it can be expected that the Board will assume responsibility for the Laverton Creek at some future date, this watercourse does not at this stage, vest in the Board," the letter stated. "Investigation shows that the two span railway bridge, through one span of which the road passes, was originally constructed in 1893.

"It is evident that this bridge, located across the floor of the Laverton Creek valley was intended solely as a passage for floodwaters under the railway.

"Permission for construction of the road through one opening of the bridge structure was granted to the Coun-

try Roads Board by the Victorian Railways Department in 1938, and at that time the Railways Structure Engineer commented in his report that '... it would appear that the roadway would be subject to flooding and the road would then be thrown out of use temporarily.'

"The level of the underpass is such that it could never be freed from flooding by any gravitational scheme of drainage. Further, as the full width of the bridge opening, together with deepening of the invert, will ultimately be required to provide sufficient waterway as the catchment area develops, it is evident that the present dual uses of the structure for traffic and floodway purposes will become increasingly incompatible.

"Any work to alleviate flooding would at best be only a stop-gap solution, and at this stage the Board is not prepared to undertake works on this watercourse.

"As the problem of flooding was evident when the decision to utilise the bridge opening as a road underpass was made, it would appear reasonable to assume that it was undertaken as an economic but temporary expedient, probably for the purpose of providing for the transport of explosives from Deer Park to the Truganina Explosives Reserve.

"It is suggested that consideration should now be given to effecting the permanent solution to this problem by relocating, as necessary, and raising the roadway to pass over the railway."

Cr. P. J. Lynch moved that the Council advise the Laverton Progress Association that it is aware of the problem at Merton Street. A copy of the Board's letter will be forwarded to the Association.

VICIOUS ATTACKS BY ALSATIANS

Alsatian dogs have been responsible for two serious street attacks in the past three months to a seven-year-old girl and a man, said the Officer-in-Charge of Altona Police Station, Sgt. H. Day, today.

Both dogs have since been destroyed.

The girl who was savaged by the Alsatian last Saturday has 22 stitches in wounds on the back of her head.

She was riding along the Esplanade when the dog which belonged to residents of Railway Street knocked her from her bike and attacked her.

The earlier attack was to a sanitary truck worker in Chifley Avenue. His legs, arms and stomach were savaged to such an extent that he was hospitalised for three weeks.

It is an offence to keep an unregistered dog said Sgt. Day, and alsatians when in the street must have a choker chain and be muzzled at all times.

He warns owners that the police and Altona Council plan to increase action on dogs and in particular alsatians seen roaming the streets.

Dog Competition On Sunday

A dog competition, open to all classes of pedigree dogs and bitches, plus a novelty section for non-pedigree dogs, will be conducted by the 4th Altona Scrut Group this Sunday (October 4).

It will be held in Grant Reserve, commencing at 1.30 p.m.

During the afternoon the dogs will interest the children. Hobsons' Bay Obedience Dog Club will give demonstrations. Afternoon tea and refreshments will be available.

SUE WOOD — "QUEEN OF SHEMAKHAN"

Sue Wood, of Altona, as the Queen of Shemakhan in "Le Coq D'Or", a ballet being presented by the Australian National Theatre at the Union Theatre, Melbourne University, on October 9 and 10. This ballet based on a Russian fairy tale, is a lavish production with its glorious oriental costumes and decor. Also on the same programme will be "Le Pas de Quatre" which was first introduced to Australia in 1952. The National Theatre is the only Australian organisation to have both these ballets in its repertoire. Tickets for this season are available at the National Theatre Office, Carlton Street, Prahran—phone 51-3211.

DISTURBED BY VANDALS

Altona Council last week received a complaint by a Blackshaws Rd. resident about the "uninterrupted and unprosecuted" acts of vandalism on trees and shrubs throughout the city.

"May I point out that portion of our rates must go towards trying to make our city beautiful, and without our trees and shrubs, let's face it, it is flat and not the most outstanding scenery we can offer tourists and visitors to our city," the resident wrote.

He suggested the vandals' parents should be made to pay the cost of damage.

"Surely something similar to this could be incorporated into our city's law system, and not worry councillors politically," he said.

"I am certain that the moneys perhaps received from fines of this nature, or better still, the money saved by not having to replace trees and shrubs, saved because of these deterrent type fines, could possibly pay for more staff for the Superintendent of Parks and Gardens, or perhaps used on someone to patrol the huge area, or perhaps used to show more progress on the city's Cherry Lake Botanical Gardens.

"Please, gentlemen, do

something now before it gets out of hand. Let's use some of our civic pride on beautiful things. Our trees are not a chopping block for some irresponsible person, but a thing of beauty to enhance our city's charm."

The Town Clerk, Mr. J. W. Waters, said the Police Offences Act and the Local Government Act gave authority for the prosecution of persons detected damaging Council and public property.

"Council's Parks and Reserves By-law makes similar provision for prosecution of persons damaging trees in parks and reserves," he said.

Cr. W. L. J. Crofts said he agreed fully with the writer of the letter.

"The Council and all responsible citizens are disturbed by acts of vandalism," he said. "I don't know what can be done other than to refer the matter to the appropriate officers.

"The matter has been referred to the police, but unfortunately it usually occurs during the early hours of the morning."

EDITORIAL

THE ALTONA STAR GOES ON

When the Altona Star was first published in 1953 it aimed at providing a needed service to the people of Altona.

The proprietors then recognised they were in a place of privilege and responsibility. How well they and their successor have met these obligations is for the people of Altona to decide.

The nearly eighteen years of the Altona Star have coincided with those of the significant growth of Altona.

The Altona Star has seen the amazing development of an isolated town of Altona into a proud city, increasingly involved in the problems of co-existence with the neighbouring municipalities.

The Altona Star has so far paralleled its growth with that of Altona.

The Altona Star will go on.

A WORD IN FAREWELL

When your leader writer commenced a series of editorials in November, 1962, it was with the intention of presenting (as a non-resident) objective views and impressions of the Altona scene. In one respect at least, he has failed. Through even his limited association with the local scene there has been an increasing involvement and identification with Altona. He is no longer dispassionate — but is personally affected by the achievements and frustrations of his friends in Altona.

ALTONA SEWAGE

The Minister of Health, Mr. J. F. Rossiter, is of the opinion that fully treated effluent of a high standard is being discharged into the bay at Altona.

Further discussions will be held between Altona Council and the Board of Works to decide whether any modification is necessary.

This information is embodied in a statement given in answer to a question by Mr. W. L. Floyd, M.L.A.

Mr. Floyd asked:

"Whether the Minister visited Altona recently for the purpose of inspecting the sewage treatment plant and the method of discharging sewage into the bay; if so, whether he was satisfied with the plant and discharge methods and whether he has made any recommendations as to the future operation of this plant and, in that event, what recommendations?"

Mr. Rossiter replied:

"An inspection was made of the outfall through which effluent from the Board of Works Altona sewage treatment plant is discharged to the bay about a quarter of a mile from the shore and I am satisfied that a fully treated effluent of a high standard is discharged from the plant to the bay at all times.

"The treatment plant was designed and constructed in accordance with the latest practice in modern sewage processes and is of a high standard.

"The location of the outfall and its discharge point was adopted by the Board of Works after consultation with and at the request of the Altona City Council. However, further discussions between the Altona City Council and the Melbourne and Metropolitan Board of Works will be held to determine whether any modification, particularly in regard to the point of discharge, is warranted."

VALUES UP

Supplementary Net Annual Value valuations for Altona for 1969/70 were \$409,474, the City Valuer, Mr. W. S. Long, reported to Council.

The latest list of supplementary valuation — a total of \$235,626 — were made up of:

Residential additions — 145 — \$6,263; nine industrial additions, \$110,000; 50 new houses, \$21,852; 19 new flats, \$8,703; four new industrial buildings, \$85,700; and 28 miscellaneous buildings \$3,108.

HEALTH MINISTER WILL VISIT

Mr. J. F. Rossiter, Minister of Health, will be invited to Altona to discuss the health aspects of effluent and industries in the area with the Council.

Cr. W. L. J. Crofts told the council last week he met Mr. Rossiter at an on-site inspection of the sewage outfall into the sea at Altona arranged by a Yarraville resident.

He said Mr. Rossiter agreed to speak to the council if requested.

The on-site inspection was filmed by Channel O and the program was televised by the channel last week. It included interviews with the Minister and Cr. Crofts.

More Time For A.P.C.

The Altona Petrochemical Company has been granted another 35 days in which to comply with council pollution regulations.

Cr. W. L. J. Crofts told the council the company's environmental control program had been delayed by strikes.

"I am concerned that we still get complaints about the smells," he said. "With the summer coming I feel we could get some more. Those that we have received have all been justified."

NOTED WITH REGRET

The anomalous position in regard to the disallowance of taxation concessions for home help wages and services will continue.

This was made clear to Altona Council in a letter from Mr. Phillip Lynch, M.H.R., Minister assisting the Treasurer, which Cr. Carlsson moved that the council "note with regret."

He pointed out that payments made from home help services were not permitted deductions under the Income Tax Assessment Act.

"Expenditure incurred for home help services is, of course, of a private or domestic nature," Mr. Lynch told council. "It is a basic principle of our taxing system that, generally speaking, expenses of a private or domestic nature are not allowable as income tax deductions."

"In fact, except to the extent that concessional deductions are allowable in respect of the maintenance of specified dependants and for special classes of expenditure, such as medical or educational expenses, the Income Tax Assessment Act expressly precludes the allowance of deductions for private or domestic expenditure."

"It is also important to realise that the broad purpose of the concessional deduction provisions of the income tax law is to grant some, but not necessarily a complete, measure of tax relief to people with family and personal responsibilities. It has never been intended that these provisions should provide a deduction for all of a taxpayer's private expenditure."

"The present concessions, in effect, represent the extent to which the legislature has so far found it practicable to relieve the taxation burden of people who incur certain kinds of private or domestic expenditure."

"I might add that the question of authorising income tax deductions for payments made to home help services was among the numerous taxation proposals considered during the preparation of the 1970-71 Budget but, in the prevailing circumstances, it was not found practicable to amend the law in this direction."

"As a matter of high

MUST KIOSK GO?

Mr. T. Hovorka, of The Esplanade, Altona, has asked Altona Council's permission to demolish the kiosk on his property because the City Health Inspector informed him the effluent disposal area required for the septic tank he wished to install cannot be maintained unless the kiosk is removed.

The Council asked the Chief Health Inspector to investigate the possibility of accommodating the effluent disposal area elsewhere on the property so the kiosk can remain.

CHRISTMAS CAROL SERVICE

Altona Council has granted the Altona Junior Choir Management Committee permission to hold a Christmas Carol Service on Logan Reserve, at the rear of the Homestead, on the Sunday before Christmas.

Council has asked the Committee to contact the Altona City Band with a view to discussing the holding of the event as a combined function.

W. Brown and Sons, Metal Merchants, of Little Boundary Rd., Brooklyn, has been granted permission to hold a Christmas function on the reserve on December 12.

priority, the Government was faced with the need to meet a large increase in essential expenditures, to make reductions in personal income taxation and, at the same time, to produce a responsible and balanced Budget shaped to the needs of the economy.

"In considering the many proposals which it had received for taxation concessions the Government decided that, with the exception of a consequential adjustment required to the age allowance provisions, it would not be prudent to go beyond the major and virtually all-embracing relief to be provided through the revision of the personal income tax rate scale."

Vandals At Dental Clinic

Senseless vandalism at the dental clinic at "The Homestead," Queen Street, Altona was reported by Cr. C. Carlsson.

"Next meeting I will bring forward a report on the Dental Service for the year," he said.

"However, at this stage I can report that a week or two ago, a window was smashed at the Dental Clinic and entry made by what appears to be youths."

The Police were called in and an operator from the Dental Hospital called to ascertain the damage, which was slight and the equipment, which had disappeared.

"The police then retrieved the equipment."

"The main point of my report is that the dental service continued uninterrupted."

\$100 TO WELFARE

Altona Council will recommend to its Finance Committee that \$100 be allocated to the Melbourne Ladies' Welfare Society from the council's Charity Vote.

Mrs. J. H. Leyden, of the Society, met the council's General Purposes Committee recently and outlined the Society's welfare work in Melbourne and within Altona.

SCHOOL CROSSING

Altona Council will arrange to meet a deputation from Seaholme State School to discuss an alternative position for the present school crossing in Civic Parade, west of Millers Road, near Seves Street.

Asking Council to meet the deputation, the School Committee thanked the Council for replacing trees in the school playing area.

Girls Gym.

The next General Meeting of the Altona Presbyterian Girl's Gymnasium will be held at the Church Hall on Saturday, October 3, at 1.45 p.m.

This will be the last General Meeting before the display at the Williamstown Town Hall on Friday, October 23, at 7.30 p.m. Tickets are available at the gym on Monday night between 5.45 p.m. and 7.15 p.m. Adults 60 cents, children 20 cents.

This opportunity is taken to thank all who helped to make the street stall a great success.

Flats Approved

Altona Council has issued Land Use permits for the erection of 12 flat units.

Noordenne Estates Pty. Ltd. has permission to use land at lot 112 Simmons Drive for a two-storey block of four flat units and H. and A. Feist Builders Pty. Ltd., Iluka Crt., has permission to use land on the south side of Robin St. for two two-storey block containing eight flats.

By-Law Delayed

Adoption of Altona Council's re-written by-law controlling the keeping of horses was deferred last week because Cr. J. I. Stewart, who originally moved the adoption, was absent.

The re-written by-law allows horses to be kept on land with an area of less than one acre provided written permission is obtained from the council.

WANTS ROAD CLOSED

Altona Council has no objection to an application by Rail and Road Metals Pty. Ltd. for the closure of a section of Clelland Rd. passing through the company's property.

The company's land at the western end of Blackshaws Rd. was subject to extensive acquisition by the Country Roads Board.

Mr. J. A. Waters, Town Clerk, told council that Clelland Rd. was a Government road. He said the Lands Department would write to all other persons having an interest in the area, then a sworn valuer would fix a price on the land.

"As the council was not an authority in road closing in this area there is no opportunity to effect an exchange of roads," he said.

Altona Leads In Pensioners' Aids

Altona Council spends nearly \$10,000 per year in its commendable service to pensioners.

Cr. Carlsson said 513 applications were allowed in respect of the supply of briquettes, wood, kerosene, gas, electricity and oil for pensioners.

This cost the Council \$9,490 for the year — at a unit rate of \$18.50 for each pensioner. A total of 418 of the applicants lived in Altona, and 95 were from Altona North.

"Incidentally, this was an increase of 32 over last year, so therefore, on such rate of increase, it is appropriate to allow 550 loads of pensioners' fuel for the winter of 1971," Cr. Carlsson said.

Land Purchase Recommended

Altona Council's General Purposes Committee has recommended to the Estimates meeting that the council purchase a block of land with a 44-foot frontage to Pier St. — owned by Mr. and Mrs. Hovorka — for \$14,000.

The land is alongside a 66-foot block bought by the council at a cost of \$18,750 for the provision of a car park to suit Pier St. traders.

The purchase of the original block was financed half by a separate rate and half from council revenue.

LOCAL APEXIAN GOES TO SCHOOL

Jack Carroll of the Altona Apex Club attended a Leadership Development Course conducted by the Association of Apex Clubs, Apex Action Committee at Warburton last weekend.

The course was conducted to develop leadership capabilities and was attended by Jack to equip him for the exacting role of District Governor, a position to which he will be installed when he attends the Apex Zone Convention at Nhill early in October.

Jack was one of 80 Apexians in residence over the weekend when some 14 papers were delivered on a wide variety of subjects ranging from "Leadership" by T. J. Moore B.A. B.Ed. (Melb.), M.Ed. (Alberta), T.P.T.C., A.F.A.I.M., M.A.C.E. to more fundamental Apex Topics from the International President of Apex Carl Bisson and other top executives of the Association.

The weekend course also allowed those in attendance to gain first hand knowledge of International Relations and learn of the problems associated with Apex expansion to overseas areas.

Most of those in attendance travelled considerable distances and were drawn from Apex Clubs from every State in Australia, Pakistan, India, Ceylon, Malaya, Fiji and included representatives from the Kinsman clubs of Canada and Round Table of New Zealand.

FETE

St. Mary's Annual Fete will be held in the parish hall, Sargood Street, Altona, on Saturday, October 10, commencing at 11 a.m.

Cakes, sewing, pot plants and novelties will be on sale.

Lunches and afternoon tea available.

NO ORDERS ON VOTE

Cr. D. K. Grant, Altona's Mayor and council representative on the Municipal Association will not be instructed by council in the way he should vote on a censorship matter before the Association.

Bacchus Marsh Shire asked Altona Council to support it in a motion before the Association commending the State Government on its recent stand on censorship.

Cr. P. J. Lynch moved that Altona give its full support to the Shire, but Cr. W. L. J. Crofts successfully moved an amendment that Cr. Grant should be free to vote as he sees fit on the evidence presented to the Association.

Moving his motion, Cr. Lynch said "filthy literature" coming into Australia could have a cancerous effect "on the minds of immature people" and the Government should not relax its censorship laws in any way.

Pre-School Survey Of Children

Monash University's Faculty of Education plans to conduct a survey of pre-school children from 24 pre-school centres in the metropolitan area.

Five or six children from each centre will be used in the survey. A random sample will be made from the centre's rolls, and parents of the children selected will receive explanations of the survey. The university plans to assess materials, not the children. Any data pertaining to individual children will be confidential, but could be made available to the parents and teachers of the children if requested.

Altona Council has agreed to the University's request that the survey be allowed at Seaholme Kindergarten provided the Kindergarten Directress and the parents of children concerned give their permission.

Local Wins Award At Show With Dog

Miss June Marritt of Davies Street, Altona, was among the successful exhibitors of dogs at the Royal Melbourne Show.

Several months ago she began grooming and training her deer-hound "Loch Fyrne Captain" for the show.

At the judging on Show Day she was awarded two first prizes and the blue ribbons for the champion puppy and the champion junior dog of its breed.

ALTONA ELDERLY CITIZENS

Monday afternoon is practice time for indoor bowls at the Altona Elderly Citizens' Club.

On Tuesday and Thursdays cards and games occupy the members' time.

On Thursday, September 24, the special effort was won by Mrs. O. Hehir, second prize going to Mrs. Edwards.

Mrs. Stewart came along on September 24 with a beautiful birthday cake and box of home-made biscuits to celebrate her birthday and share with the members.

For special occasions such as over 80-year-old birthdays or a golden wedding (which was celebrated a few months ago), Mrs. Stewart supplies a wonderful treat of feather-light sponges and cream cakes. Thank you again Mrs. Stewart.

Friday is a quiet day sometimes with indoor bowl practice and the usual card games. Saturday afternoon is also bowls practice.

years and under section other competitors in the 10 (2nd Grade A.M.E.B. standard) (Julie received a medal by taking 2nd placing.

Julie is a pupil of local teacher Miss Jean McQuarrie of Pollard Court.

21st Birthday

A replica of his motor bike was the central motif on the 21st Birthday Cake of Geoffrey Stuart, eldest son of Mr. and Mrs. K. Paterson, Seaholme.

The birthday was celebrated on Saturday, September 19, with a small party at home, attended by 50 relatives and friends, who enjoyed a most pleasant evening together.

Slides Night At Kinder

An evening will be held at the Lindwood Avenue Kindergarten, Altona, on Thursday, October 8, at 8 p.m.

Miss D. Stein from the Health Department will be the guest speaker and will show slides of other kindergartens.

All are welcome to attend.

Val's Column

HELLO GIRLS,

A good skin gives the appearance of freshness that is an important part of beauty. Gently and methodically cared for you will look younger and prettier always. The most luxurious, expensive creams are of no use if only used occasionally. Regular care is what your skin needs. Promise yourself a prettier face, do a regular programme for just one month and see and feel the difference. Hear your friends remark! Begin now. You will need skin food, cleansing cream (be advised as to skin type as this is extremely important to sensation and result), skin tonic or astringent, a face mask, cotton wool and tissues. Using a generous amount of cleanser, smooth it lightly all over face and neck, don't rub in, leave a few minutes to sink into the pores to dissolve face makeup and grime. With gentle upward, outward movement, remove cream with tissues, using ball cottonwool, pat your skin tonic, freshener, astringent all over cleansed area. Again remove, gently, with tissue, the excess. You will find you have removed a few more traces of grime — and should now feel refreshed — the skin is now very receptive for skin food.

Night creams are of a heavier consistency than day creams. Using second and third fingers each hand (these have a lighter touch), spread upward and outward. Around eyes start above eyes at nose, up and out under brow, now, oh so gently patting motion in under eyes on that extremely delicate skin, to nose again.

Face masks are many. Some marvellous refreshers — removing tired day worn weariness — others working into the skin, clearing away impurities. Skin type needs to be known to get the correct tonic — the result needs to be one of exhilaration — not drawn, dragging dryness. Only used several nights a week from ten to twenty minutes.

2P 11 medicated shampoo in the large size special, has just arrived girls. Limited number.

Shine, shine — super-platinum shine. Four Revlon Crystalline Super Platinum colours, and to match — four frosty, oh so frosty, shiny lipsticks.

BYE.

Headmaster Returns From World Tour

Over the past two months the Headmaster of St. Paul's College, Rev. Daniel Winters, has made a world tour of educational institutions. He visited, addressed and inspected some of the top schools in India, Russia, Italy, Malta, England and the United States.

On his return to Australia on Saturday, September 19, he noted that the changes in educational theories, attitudes, curriculums and methods were largely the same in the countries that he visited.

He also noted that in some places changes were taking place by revolution although in most places it was taking place by evolution, educationists sitting down and intelligently planning for the future.

It was gratifying to find so many responsible people willing to sit down and assess the present world situation and make future plans accordingly.

It is certainly not a situation where this or that country is trying to make changes because they are being made in another area of country — it appears to be something that is happening almost simultaneously throughout the world.

He also pointed out that in various question and answer sessions following lectures delivered to students of sociology and anthropology at the University of Dayton, Dayton, Ohio, and Chaminade College, Honolulu, revealed a tremendous interest in Australia on the part of many American university students. This same interest was displayed in India, Italy and Malta by people seriously considering Australia as part of their own future.

While in the United States, Father Winters visited the families and friends of the 13 other Americans on the staff of the College. Movies made about the college were shown to the families and on a great number of other occasions, and always provoked very positive reactions towards Australia.

JOHN KONTEK PRESIDENT OF R.E.S.I. BRANCH

Last week 60 members and staff of the Western Suburbs branch of the Real Estate & Stock Institute of Victoria held their annual meeting to elect office-bearers for the coming year.

The meeting took the form of a dinner at the R.S.L., Geelong Road, Footscray. Last year's President, Mr. Bill Bell, of W. Bell & Son, Sunshine, was thanked for his excellent service throughout the year.

This year's President, John Kontek, is well known to the public, having been active in Real Estate some 15 years. Originally born in the Ukraine, he is married and has two children. John's son-in-law and his daughter are part of his staff of 11 men and five girls who are employed at his principal branch in Sunshine. John also has a branch office at Melton.

Last year's Secretary, Mr. Frank Kerambrun (Principal of F. & L. Vesta Pty. Ltd., of Kingsville and Altona) was heartily applauded for his efforts throughout the year and was re-elected for a further term. Frank was born in, and is still a resident of Yarraville. He is married and has two children.

The following are details of office-bearers elected for the coming year:

President: J. Kontek.
Vice-Presidents: G. Kerry and A. Condie.
Secretary: F. Kerambrun.
Assistant Secretary: Mrs. Thom.
Delegates: W. K. Burnham, G. Kerry and J. Green.
Proxy Delegate: W. Hogg.
Committee: C. Bowles, G. Kerry, E. Carocci, D. Forbes.
Auditor: F. R. James.
Press Liaison Officer: N. Bernard.
Social Committee: F. Sanford, F. Wheatley, M. Lusher, N. Briggs, A. Stephens.

Details Of Women's Training Scheme

Booklets outlining details of the Department of Labor and National Service's employment training scheme for married and single adult women have been placed in the Williamstown Library.

The scheme is designed to assist women who have previously been prevented from working by domestic responsibilities and who now wish to re-enter the work force.

Eligible women will be able to receive training either in industry or in training institutions which will equip them for the employment of their choice.

PLANS FOR RIFLE RANGE

Williamstown's Planning Officer has been instructed to draw up a plan of redevelopment for the Rifle Range area.

The plan will include provision of a beach front reserve, a shopping centre, areas to be reserved for housing units, single and 2-storey development, a plantation fronting Kororoit Creek Road and a kindergarten.

Road junctions will be staggered to eliminate dangerous intersections and the proposed recreation area of 20 acres now under negotiation will be reserved for passive recreation. The J. T. Gray Reserve will be retained.

A scale model of the planned redevelopment will be made.

"HALF A SIXPENCE"

By "TELMAN"

When I left the Richard McGill Memorial Hall two Wednesdays ago after watching Altona North High School's rendition of David Heneker's "Half a Sixpence", my feet weren't tapping, I didn't want to sing any of the songs, in fact all I could do was think.

I wondered why I was absolutely convinced that I had been present at a very sound effort from the school and why, furthermore, I had spent a profitable two and a half hours.

The answers to my questions are ridiculously easy — the show itself is not really inspiring, I think pleasant is the word for it, but the performance was one worthy of a school which has established a tradition in successful school theatre.

I consider it a privilege to have seen 13-year-old Kim Williams in the leading female role of Ann Pornick. Her voice is excellent, her stage presence full of poise and elegance, but she has something else.

On opening night, the show sometimes starts to flag and it becomes essential that someone attempts to give it the necessary lift.

Dainty Kim Williams did just this — she lifted the show to the heights of success as her infectious desire to provide high quality entertainment spread to those around her.

Kevin George and Chris Babich both gave praiseworthy performances. Kevin entered the top coat and tails of the stuffy Shalford and assumed the new personality like an old campaigner, when, in fact, it was his stage debut. Biff, and on to Chris Babich who played the hard drinking, fast talking Chitterlow.

At times Chris took the "fast talking" aspect a little too far and actually garbled several lines of his dialogue, but he settled down well to have the audience rocking with laughter in his last scene.

The excellent performances of Kevin and Chris form a wonderful lead into a scrutiny of the principal character Kipps himself, Alan Small. In a part both dramatically and vocally demanding Alan came through very well.

One must admit that his vocal range is a bit narrow and that basically he just wins out on his score, but his acting more than compensates.

Never have I seen such animated facial expression in a school production. Alan won his audience with a beaming smile and a lift of his eyebrows — a most enjoyable Kipps.

The supporting cast was headed most capably by Lyndsay Last as Helen Walsingham. Lyndsay captured the role very well and was most convincing. In passing I would like to commend Wendy Welgus, Doreen Harfield, Alan Durbridge and Niel Spurrell for their forceful renditions.

Sets were amazingly well done and roll-down backdrops, meticulously painted (do you remember the cherub in the photographer's studio?) led to most efficient scene changes.

Costumes were excellent and made for many a colourful scene — the bar-room, the solarium, for example, the can-can and its excellent lighting.

At times the chorus lacked real vitality but as the show proceeded this fault was eliminated although vocal support from the chorus was of varying quality.

In a word, "Half a Sixpence" was worthwhile. The cast was well-drilled and enthusiastic and their vitality was indicative of their enjoyment in their task.

Floodlighting

Holy Trinity Church, Nelson Place, and the Williamstown Town Hall will be floodlit during Melbourne Cup Carnival, from October 28 to November 8, as part of the S.E.C.'s electricity promotion campaign.

The Council placed a \$300 limit on the cost of the floodlighting.

THE CURTAIN RISES

BY THISBE

The Royal Melbourne Show has closed, and the Williamstown Little Theatre's current show "Five Finger Exercise" has almost reached the final curtain.

The production has created a great deal of interest because of its dramatic story, excellent acting, and beautiful setting.

It is a great pity that more people do not make an effort to contact the theatre for seats, because on many evenings there are vacancies because of sudden cancellations.

The cost of a telephone call is not much to add to the price of tickets for a night out in Williamstown, at a theatre which is regarded highly throughout the State.

There will be one more show before Christmas, so when the final curtain falls on Saturday, October 3, the theatre people will start all over again.

The first step in the life story of David Turner's "Semi-Detached", will be an audition on Sunday, October 4, at 2 p.m. at the theatre, 2-4 Albert Street. The producer, Maggie McInnes, is busy with plans for her first production at Williamstown, so if you would like to take part in any of the activities associated with producing a play, please come and join in.

More Money Wanted

Williamstown Council will ask the Minister for Local Government to consider increasing the Country Roads Board contribution to road-works in the city to compensate the Council for the large area of Government-owned, non-rateable property in Williamstown.

**ALTONA LITTLE ATHLETES TO RUN IN
12 HOUR RELAYATHON**

This Saturday, October 3, almost 200
registered competitors of the Altona Little
Athletics Centre will make an attempt on the
world 12-hour relayathon record.
Both girls and boys will run in their
respective age groups, ranging from under
nine years to under 12 years.

The first competitor will
commence the Relayathon at
exactly 7 o'clock in the morn-
ing, and run the first 100
metres at the end of which
distance the baton will be
passed to the next runner
who will also carry the baton
for 100 metres.

This process will be repeat-
ed throughout the remainder
of the day non-stop until 7
o'clock in the evening.

It is expected that the girls
and boys may well cover a
distance in the vicinity of 200
or more kilometres during
their 12 hours of continuous
running.

All children registered with
the Centre have been sup-
plied with official sponsorship
cards and will be seeking the
support, through sponsors, of
their parents, relatives,
friends and community busi-
ness enterprises.

The Executive Council of
the Altona Little Athletics
Centre most earnestly re-
quests the whole-hearted sup-
port of members of the Al-
tona community in sponsor-
ing the children of this com-
munity.

The proceeds of this Re-
layathon, which is being con-
ducted throughout Victoria
under the chief sponsorship
of The Victorian Egg Board,
will assist the Executive
Council of the Altona Centre
in administering to the ath-
letic requirements of some
500 or more children in this
community, through properly
conducted inter-club competi-
tions which are held at Grant
Reserve each Saturday morn-
ing from October 1970 until
March 1971.

This Relayathon will be
conducted under the super-
vision of impartial outside
observers and officials, and
the progress of each of the
27 Centres competing through-
out Victoria will be reported
on the hour over a radio net-
work centralised on 3DB Mel-
bourne.

To ensure that the Relaya-
thon is conducted smoothly
and efficiently, however, 50
parents are required to act
as officials and marshals for
the children in their various
age groups, and the assis-
tance of those interested par-
ents who may be able to
spare some time during Sat-
urday, October 3, between 7
a.m. and 7 p.m. would be
most welcome.

If you are able to assist in
this way please contact Mr.
Frank Heyme, 398-1797.

TRACK AND FIELD SEASON

The 1970-71 inter-club track
and field competition will
commence at Grant Reserve
on Saturday October 10, 1970.

Children who are interested
in competing in Little Ath-
letics during the season are
requested to contact officials
at any one of the five clubs
which are presently register-
ing children. These clubs are:
Altona, Altona North, Sea-
home, St. Mary's and Wes-
tona.

Additionally, the Altona
Centre will this year, for the
first time, conduct athletic
competition in all events for
both girls and boys who are
under the age of 13 years on
October 1, 1970.

All children in this age
group who are interested in
joining one of the five clubs
in the Altona Centre are cor-
dially invited to make their
applications as soon as pos-
sible to enable them to com-
pete on the first day of the
season — October 10, 1970.

Brooklyn West Primary School

Parents of children five
years of age by June 30,
1971, should complete an ad-
mission form at the school
before October 14, 1970. Evi-
dence of date of birth is re-
quired.

Westona Little Athletics Club

Registered Westona club
members are reminded of
the V.E.B. State-wide 12 hour
Relayathon which will take
place on Saturday, October 3,
at 7 a.m. to 7 p.m.

Altona will conduct their
relays at Grant Reserve when
one age group will carry the
baton during each prescribed
hour.

The allocation of hours will
be as follows:

Under 12 boys: 7-8 a.m.
Under 12 girls: 8-9 a.m.
Under 11 boys: 9-10 a.m.
Under 11 girls: 10-11 a.m.
Under 10 boys: 11 a.m.-12
noon.

Under 10 girls: 12 noon-1
p.m.
Under 9 boys: 1-2 p.m.
Under 9 girls: 2-3 p.m.
Under 8 girls: 2-3 p.m.
Under 11 girls: 3-4 p.m.
Under 11 boys: 4-5 p.m.
Under 12 girls: 5-6 p.m.
Under 12 boys: 6-7 p.m.

Children are asked to be
at the reserve in plenty of
time to attack their section
of the relayathon record.

Any registered club mem-
ber who would like a sponsor-
ship card may have one by
contacting the Club Manager.
Parents will be needed to
help maintain the continuity
of the relay.

It is now possible to accept
registration from children for
Under 13 competition. The
child must be under 13 years
on October 1, 1970.

ALTONA CRICKET CLUB

In practice matches against Yarraville Cricket Club last Sunday Altona No. 1 side lost and their No. 2 side won convincingly at Grant Reserve.

Both games were played in a keen and competitive manner and each of the club will benefit from this opportunity of finding its strengths and weaknesses in their batting, bowling and fielding abilities.

A few players showed glimpses of form and may look forward to a successful season. However, several players did not perform up to expectations and it should now be quite evident that more attention to fitness and concentration will be necessary if Altona is to have any success in the coming season.

ALTONA No. 1 SIDE

Ray Duckett continued to show fine batting form by hitting up another good score of 44 before being run out.

Ken Hansen also compiled 34 well-made runs, whilst Tony Paone did well with the ball by turning in the figures of 4 for 40 off 9 overs.

Unfortunately these individual efforts were not enough and Yarraville's strong batting line-up won the honors for them in this match.

Ever reliable Alec Merrill turned in an excellent batting performance (42 retired) and capped this feat off by showing his previously hidden talent with the ball in capturing one wicket for no runs.

Other good bowling efforts were put up by Dick Conradi, 3-19, Ron McCullagh, 2-14, and the "wily" Noel Michael, 2-3.

NEWPORT BOWLING CLUB

A game of mixed rinks was played on Show Day and saw victory going to club champion Ron Streeter (skip.), Mrs. Luke, Mrs. Henshaw and Percy Streeter (lead).

Percy, a brother to Ron, was playing only his third game of bowls.

Runners-up on Show Day were Ern Vickers (skip.), Mrs. Ritchie, A. Knight and W. Snow.

Saturday's game went to D. Oswald (skip.), L. Hall, G. Wise and R. Spear. Runners-up were F. McCormack, J. Laney, F. Weedon and G. Stapleton.

Sunday's mixed resulted in a win for H. Higham (skip.), Mrs. P. Kistler, Mrs. Price and Tom Hill. Runners-up were skipped by the President L. Fitzpatrick, Mrs. Luke and M. Susnica.

Social Secretary George Erwood wishes to remind all players that the nominated mixed game is on this Sunday, October 4.

Another reminder to men players that entries to club singles tournaments close on Saturday, October 3, at 8 p.m.

Stall For Hospital

The Altona Combined Service Clubs' Hospital Appeals Committee will hold a stall and auction of secondhand goods on a vacant site in Pier St. from 9 a.m. on October 3.

Proceeds will aid the financing of alterations to the Altona Hospital.

Camera Club

The Altona Camera Club's meeting, held last Friday, was a discussion night, and entries for the September competition were handed in.

A car rally, to be held this Sunday, October 4, is for members and friends and will leave the "Homestead," Queen Street, at 10.30 a.m. at two minute intervals.

The Altona Camera Club's next meeting will be held on Friday, October 9, the subject for that night being "Setting Up Portraits." Ring 398-1937 for details.

WESTERN SUBURBS LAPIDARY CLUB

At the Western Suburbs Lapidary Club's general meeting on September 17, members and visitors were entertained by club member Mr. T. Saker who gave a very interesting and informative lecture on the effects of light in gemstones.

The special effort prize of a slab of tiger-eye was won by Mr. W. Varady.

Members are advised that the combined gemstones exhibition and cooking competition will be held in Windsor House, Buckley Street, Footscray on November 14 and 15. Ring the Secretary on 311-5476 for any further information.

Drugs — A Problem?

Thought about the hidden problem, drug dependency and young people and drugs? Speakers will discuss these subjects at a Symposium arranged by The Council of Adult Education on Tuesday, October 6, at 8 p.m. Fee is \$1, including supper.

For further information contact Mrs. Clark or Mrs. Nicholls at C.A.E. on 63-4231. Phone for brochure now.

Williamstown Sailing Club

Saturday's second race gives promise of the club's most successful season yet when 27 starters crossed the line in an open handicap race.

Due to the large number of boats and the difficulties of handicapping, both Kitty Catamarans and Mirrors together, the sailing committee has decided to race in two divisions this year. The faster Kitties will comprise Division 1 whilst the Mirrors and miscellaneous craft will make up Division 2.

Ralph Ballard, sailing his new Mark II Kitty "Twin Tails" repeated last week's performance when he led from start to finish to record a runaway line honours victory.

His boat is performing well and appears to be the boat to beat.

Second to finish and winner on handicap was Chris Tacy who sailed an excellent race in "Avenger." Chris should also do well this year.

M. Loxton sailed his Arara Cadet "Nussing" to a good line honours win, also leading from start to finish. He was placed second on corrected time — a very good effort.

Winner on corrected time was the Mirror "Canopus" sailed by R. Brown who is improving with each race.

Results:

First Division
Line Honours: Twin Tails, R. Ballard, 1-33-56.
1st, Avenger, C. Tacy, 1-30-13; 2nd, Aisha, A. Martin, 1-32-22; 3rd, Vampire, G. Green, 1-33-28.

Second Division
Line Honours: Nussing, M. Loxton, 1-18-8.
1st, Canopus, R. Brown, 1-14-38; 2nd, Nussing, M. Loxton, 1-18-8; 3rd, Janet B. A. Stessl, 1-23-14.

'BERT SMITH MEMORIAL' NO TO GEOFF SALTER AUTOMATIC TICKETS

The Williamstown and Newport Cycling Club's road season drew to a close last Saturday with the staging of the annual "Bert Smith Memorial 60".

Although windy conditions prevailed, the event, which covered five laps of a 12-mile circuit proved quite successful, for as well as an excellent entry, the return of Robert Wouda from Western Australia provided an added attraction.

John Pryor, who rode from the nine minute mark, took out the first two intermediate sprints only to be caught by Tony and Colin Robson and Geoff Salter at the 30 mile mark.

After conceding five minutes start to his nearest rival, Robert Wouda had them in sight 20 miles from home and had bridged the gap 10 miles out.

His effort was extremely good as Tony, Geoff and Colin were combining their pacing excellently.

Several breakaway moves were tried over the final five miles but all were unsuccessful and Robert, Tony, Colin and Geoff had the finish to themselves as the riders behind couldn't regain contact.

Robert led the sprint out and appeared set for victory when Geoff arrived on the scene with a withering burst to snatch a narrow victory.

Geoff timed his run perfectly and considering his limited preparation the win must have given him a great deal of satisfaction.

Robert Wouda's second placing and fastest time topped off a most determined ride which must augur well for his prospects on the track this year.

Tony Robson rode his usual honest race to take out third placing, while his son Colin finished third.

RESULTS

1st, G. Salter, handicap 7 mins., time 2 hrs., 46 mins., 22 secs.; fastest and 2nd, R. Wouda, scr., 2 hrs., 39 mins., 23 secs.; 3rd, T. Robson, 5 mins.

Although he didn't ride last Saturday Leo Constandinou still won the club aggregate by 29 points from Tony Robson.

Final Aggregate Points: L. Constandinou 114, T. Robson 85, C. Robson 63, J. Pryor 46, G. Salter 44, W. Hendricks 25, R. Wouda 14, W. O'Brien 12, M. Reynolds 5, F. Miller 4, T. Reynolds 3, I. Salter 2, M. Lyons 1, G. Sliker 1, N. Austen 1, R. Scott 1.

The Railways will not install automatic ticket dispensers at unmanned stations — even though recent amendments to the Railways Act makes it an offence to travel without a valid ticket, Altona Council was told last week.

"We realise that, at stations where the traffic does not justify staff being in attendance all the time, it is not possible to obtain a ticket," the Railways told the council. "In such circumstances there is no breach provided a ticket is obtained at the first opportunity."

"If travel is made from unmanned stations on the Altona line, tickets may be obtained from the guard on the train."

If passengers join at Paisley or Galvin they can buy their tickets at the destination station. Our ticket checking and barrier staff know these things.

"We have looked at the question of installing automatic ticket printing machines at unmanned stations but this does not seem feasible. For one thing, they would be a favorite target for vandals."

Cr. W. H. Sommers said he was a "little disappointed" at the Railway's letter.

"I think they could have turned around and used an automatic dispenser at one of these places at least," he said.

longest open race of the season, over 182 miles — the Dandenong to Lakes Entrance — is set down for decision.

The local club will be represented by Tony Robson and Wal O'Brien.

Newport Ladies' Bowling Club

ALTONA CITY SINK THE SAINTS

Altona City dealt the "death blow" to St. Albans, who will now be relegated to Division 2.

Promotion and relegation are a feature of soccer. If you are good enough you go up and if not you go down. This gives a team a chance to regroup and win its way back up stronger than ever.

St. Albans are a good side and on last Saturday's display are unlucky to be taking the big drop.

The Altona boys are playing well at the moment and they had to pull out all stops to win 1 goal to nil in one of the best games seen this season.

Jimmy Ackers is back to his scintillating best. Hynes, Baylish and Savage were "spark-a-lark-a-lark-along."

Fast end to end play kept the large crowd on its toes.

The flying Herman and Iordanus were getting some close attention while Stankouski, combining well with Keane, opened play up for "bustling" Billy Savage who was proving a handful for Frank Marth.

St. Albans were full of fight and Copley and Colbard were equal to all the tricks that

to the Cup-holders who will be at full strength.

Sunday's game at Kim Reserve will see Geelong play Altona City in the annual shield game. Geelong are a good side and will test the Maroons to the fullest.

In the Reserve XI Altona had a great 4 goals to nil win. Playing with confidence and as a team they polished off the much older Saints in a workmanlike manner.

Neale, Collins and Little were the pick of the forwards while Lihain and Straubinger showed up in defence.

This team will do well next season in the Reserve League says coach John Innes. They are improving by leaps and bounds every week.

A soccer treat is in store for anyone who wishes to attend a film night in the clubrooms at 7.30 p.m. on October 7. Top world games can be seen.

Star Victorian players will be in attendance to sign autographs and answer any questions regarding soccer.

President, Mr. L. C. Noordenne was full of praise for the effort that Maroons put in to reach the top four as it was a team effort and one which has taken Altona City into nearly every city in Victoria.

They have been tremendous ambassadors for the City of Altona.

As it is hard going in First Division coach Harry Sutherland and captain Ian Hines do a marvellous job.

The Sutton Saga

Photographer Barry Sutton (left), pictured as a child with his brother Henry (Pat), father Henry Prior Tregurtha Sutton and grandfather, Thomas Henry Baldock Sutton.

Fijian cannibals, William Buckley (the wild white man), life in Melbourne four years after the town was founded, and one of Victoria's earliest missing person mysteries. This unlikely combination of events weaves the background of well-known Williamstown photographer, Mr. Barry Sutton.

Barry Sutton's ancestors were connected with the sea for many generations, and they did more than their fair share to make Williamstown, and Victoria as a whole, what they are today.

Barry Sutton's great-great grandfather, Thomas Halk Sutton, was born in England, and, as captain of a merchant ship, worked in the India trade for the British Government.

Disillusioned by many Government policies, Thomas Sutton left the India trade and bought a ship, the Letitia. With his wife and six children he set out to start a new life in Australia.

After a strenuous six-month voyage the Letitia arrived at Port Sandridge, now called Port Melbourne. The year was 1838, just four years after Melbourne was founded.

Thomas Sutton and his son, called Tom, plied their ship around Port Phillip Bay, and to the older colonies in Van Diemen's Land.

In the late 1830's the Letitia was chartered to take the first Wesleyan missionaries, the Revs. Calvert and Hunt to Fiji, where the natives still practiced cannibalism.

In a letter written in 1927, one of Thomas Sutton's daughters, then 87, recalled the Fiji expedition: "Some of the crew, having put their boat in at the wrong point of the island, had a narrow escape of being eaten," the daughter wrote. "The savages had seen the vessel approach, and had got their ovens heated and then gone into the interior for some purpose."

"That act saved the lives of the crew, for they quickly pushed off and got safe away."

Whether the crew was destined for the cooking pot, or the natives were frightened away by the sight of a sailing ship will never be known, but seamen before and after them disappeared after setting foot on the Fijian shore.

A few years after this adventure Thomas Sutton left the sea and became Port Phillip's second licensed pilot.

was issued in 1839, a few months before Sutton received his, but Sutton's licence now hangs in the Port Phillip Pilots office.

In his application for a pilot's licence — addressed to "the officers of Her Majesty's Government, merchants, ship owners and traders in and around the Port of Port Phillip", Thomas Sutton provided "testimonies of sobriety and capability" from former employees and hoped that these would meet "the approbation of the public".

The application was supported by local businessmen, who said they agreed with the need for more pilots and added Sutton had "a fine schooner of 20 tons which will enable him to proceed to the Heads whenever a case of pilotage is required."

One night Thomas Sutton rescued a man drowning in the sea off Queenscliffe. Too busy to change his clothes on coming from the sea Sutton went on with his work. "He took a violent cold," his daughter wrote "and never recovered from it and died at the age of 38."

Thomas Sutton's wife, Mary Lanfear, was the daughter of London's Harbor Master. Her eldest brother was lost at sea, and another brother conducted a ship chandler's business in London and owned a number of fishing smacks at Ramsgate.

After Thomas Sutton died she remarried Thomas Mason, the first chairman of the Williamstown Borough Council. Thomas Sutton's son was the first secretary of the Williamstown Dispensary, and was connected with the Williamstown Racing Club.

Another son, Henry Prior Sutton, the assistant secretary of the racing club, married a Miss Tregurtha, who ran a school in the Williamstown Methodist Church Sunday School Hall.

Miss Tregurtha was the youngest daughter of Captain Edward Primrose Tregurtha Barry Sutton's great-great-grand father.

Captain Edward Tregurtha, and his brother, Captain William Tregurtha, were two of the pioneering sea Captains of the Port Phillip Settlement. The Tregurtha family's early history in the colonies is faithfully recorded in Edward's journal, covering the years between 1803 and 1852. Extracts from the journal were published in The Argus newspaper in 1934.

William Tregurtha later became a Port Phillip pilot and an early resident of Williamstown. Both brothers were associated with Joseph Tice Gellibrand and George B. Hesse, who came to Victoria in Edward Tregurtha's brig, Henry.

Each of the Tregurthas left behind them writings referring to the disappearance of Gellibrand and Hesse, who set out to explore the Geelong district.

The two explorers were on their way from Geelong to Melbourne when they disappeared at Pollock's Ford, not far from Geelong. Search parties found no trace of the men, but it was presumed they were killed by Aborigines.

Both men carried heavy insurance policies, and one story circulating at the time was that the men "shot through" to London to collect the money — but the mystery still remains unsolved.

Edward Tregurtha's association with Australia began when an East India Company sea Captain, Captain Betts, returned to India after a visit to Hobart Town. Betts persuaded his brother-in-law and

cousin, Alfred Betts, a rich indigo planter, to return to Hobart with him to start a whaling and merchant shipping business.

In India the Betts bought a barque, the Caroline, and offered command of the ship, plus an eighth share in the profits, to Captain Tregurtha.

Captain Tregurtha, then aged 28, left Madras aboard the Caroline in June, 1831. The ship's company included 21 convicts, bound for Sydney.

When going aboard the ship, the convicts shouted that they would not be shipped to Botany Bay. During the voyage they attempted to take over the ship, but a marine major and eight native sailors regained control.

A captain in the East India Company's service, Captain Swanston, was a passenger on the ship. Captain Swanston later became a member of Governor Arthur's council and a sharebroker in the Batman Port Phillip Land Association. He was also associated with David Fisher, Major Mercer and Learmonth in the Derwent Company, which had 3500 sheep grazing near Geelong.

Swanston's name is commemorated in Swanston St., Melbourne.

After the Caroline called at Sydney, she sailed to Hobart, where Captain Tregurtha was put in command of a whaling fleet. Later a former shipmate, Captain Edwin Whiting, came to Launceston from London in the brig Henry.

Whiting was short of money when he arrived, and entered into a partnership with Tregurtha to begin business as carriers of stock and passengers to Port Phillip.

Their first cargo was 37 head of cattle for a Mr. Wedge, of Snake Banks. On May 20, 1836, they landed 750 sheep, owned by Messrs. McKillop and Smith, at Gellibrand Point, Williamstown.

A passenger on that trip, a Mr. Cocroft, went for a trip up the Yarra River as far as Dight's Falls with Captain Tregurtha.

Tregurtha wrote in his diary:

"We sauntered over Batman's Hill from where we saw the brig and the Saltwater River. Flocks of green doves were in the trees, and we shot some 30 of them, filling all our available pockets, as they were as large as quail."

"We produced a quantity of mushrooms, and having filled our handkerchiefs, returned through a parklike ramble without meeting a human being."

Tregurtha's "ramble" took place two years after Melbourne was founded. The Saltwater River is now known as the Maribyrnong and the "green doves" were probably some sort of parrot.

In 1836 Tregurtha carried 5000 sheep to Portland, where the Henty family, Victoria's first permanent settlers, had lived for a few years.

By July, 1837, Tregurtha had carried 12,000 sheep and 100 horses from Launceston to Port Phillip aboard the Henry. The insistent call for stock carrying room in the ship caused Tregurtha to buy another brig, the Charlotte, to transport animals to Point Henry and Point Gellibrand.

A number of settlers travelled from Tasmania to Geelong in Tregurtha's ships to inspect the Barwon Country, around Geelong. Tregurtha went with one party, and at Geelong they borrowed a horse dray from Dr. A. Thomson, who shipped the first cattle to Port Phillip on the ship Norval in 1835, and landed sheep at Point Henry in 1836.

Dr. Thomson then had his sheep station on the present site of Geelong.

William Buckley, an escaped convict known as the wild white man because he lived with the natives of Port Phillip for 32 years, helped Tregurtha and the men load the brig's boat onto Thomson's dray. He then acted as guide to the party, consisting of the Tregurtha brothers, Captain Whiting, Messrs. McKillop, William Roadnight and Watson, as they explored the Barwon River.

Thomas Manifold heard of the expedition and wrote to Governor Latrobe of "the pleasure party which had been with the brig Henry into Geelong Harbor."

The party's favourable report of the area led Manifold and his brother to land sheep at Point Henry in 1836. Two months earlier George Armytage put a small flock of sheep ashore from the Henry at Williamstown.

Armytage entered a partnership with Mr. M. Franks, who had been a free immigrant on Lieutenant-Colonel Collins' transport in 1803 and who was, with John Pascoe Fawcner and William Buckley, among the first settlers to see Port Phillip Bay when Collins established an ill-fated camp at Sorrento, near where the Quarantine Station now stands.

Franks, with Armytage's shepherd, took up grazing ground at Cotterell's Sugar Loaf Mountain, near Werribee, which was then called the Exe.

While Franks and the shepherd were making a bush fence one day they were speared to death by Aborigines. Armytage's son, Thomas, a law clerk articled to Gellibrand, found the bodies.

Later, when Gellibrand and Hesse were missing, Thomas Armytage joined a search party, and followed the Barwon River west. The party discovered Lake Colac.

Captains Edward Tregurtha and Whiting decided to make a rough survey of Port Phillip Bay and the Heads. They had just finished this when the H.M.S. Rattlesnake sailed into the bay, to anchor off Gellibrand Point on September 29, 1836.

The Rattlesnake's master was Captain Pope, an old schoolfriend of Captain Tregurtha. When he learnt of the bay survey, he asked Tregurtha if he could have a copy of the chart, which showed bearings and soundings.

The official chart later published by Captain Hobson, of the Rattlesnake, reproduced the bearings and soundings of the Tregurtha-Whiting survey of the western side of the bay from Indented Head to Hat Rock.

William Tregurtha, in his history of Gellibrand, states that Point Henry was named after his brother's brig, but a despatch to the Colonial Office by Sir Richard Bourke in 1837 shows that the point was named after Lieutenant H. R. Henry.

WANTS TALKS ON "MARITIMO"

Mr. Norman Bernard, Es-
tate Agent, Douglas Parade,
Williamstown, has asked Wil-
liamstown Council if the
Council's Planning Commit-
tee would meet the new own-
ers of "Maritimo," the
Strand, to discuss develop-
ment proposals.

He said he felt the discus-
sions would offer an excellent
opportunity for any Council
requirement to be incorpor-
ated into preliminary plan-
ning proposals.

The request was referred
to the Planning Committee
for consideration, as were a
number of other requests by
Mr. Bernard.

Mr. Bernard asked if Land
Use permits would be grant-
ed for the following develop-
ments if acceptable plans
were lodged:

A two-storey block of flats
in Ferguson Street, a two-
storey block of flats in Lyons
Street, ground floor unit de-
velopment in Peel Street, five
ground floor villa units in
Railway Crescent.

He said a Land Use permit
was recently refused for ten
2-storey flats on the Railway
Crescent site.

their premiership success.

The event was well patron-
ised by parents and friends
of the boys.

To conclude the evening an
excellent supper was pro-
vided.

The Under 15 coach, Mr.
A. Hewitt, club secretary, Mr.
W. O'Dwyer and Vice-pres-
ident, Mr. Bruce Thomson
were presented with excel-
lent gifts by captain Mick
Lomas, together with vice-
captain Neil Watt and deputy
vice-captain David Watt, on
behalf of the boys for their
work for the club.

Williamstown Bowling Club

Not everybody had to toll
on Show Day and a good mus-
ter of members turned out
for a club event of three
games.

With a total of 47 points
the team comprising R. Lid-
dle, R. Taylor and K. O'Brien
took the honors.

Saturday's event went to
Sam Parry (capt.), Ern Old,
Alan Fisher and Les Brooks.

One point below the win-
ning team, the runners-up
were Ern Danaher (capt.),
Tom Richardson, Chas Hill
and Tom Bryar.

Visitor to the club during
the past week was Bob Kay,
Engineering Artificer from
the HMAS Derwent.

Pennant starts in earnest
next Saturday and everybody
is hoping for a successful
season.

The Social Committee have
matters in hand for a Cup
Eve Dance. More details
later.

Homing Club

WILLIAMSTOWN V.H.A.

Williamstown Homing Club
conducted its Produce race
last Saturday from Mildura
(300 miles). Although the
birds had a head wind times
and returns were good.

The race was won by Gor-
don Whittle with the same
pigeon that won this race for
him last season — a great
effort for both owner and
trainer and the pigeon.

Results:
1st, Gordon Whittle, 1,137
y.p.m.; 2nd, Ted Kwiatkow-
ski, 1,132 y.p.m.; 3rd, Karl
Morlang, 1,120 y.p.m.; 4th,
Robert Murphy, 1,117 y.p.m.
— GAY PIED.

ALTONA LIFE SAVERS' ANNUAL MEETING

The Annual General Meeting of the Altona Life Saving and Swimming Club was held in the club house on Monday night.

Opening the meeting, the Club President, Mr. Roy Edwards welcomed Mr. D. Buckland representing the Royal Life Saving Society, Mr. A. Frost of St. Kilda L.S.C. and Mrs. Frost, and all members present.

Apologies were received from Mr. G. Shanahan, David and Ann Shanahan, who were absent through bereavement, Mr. M. Slater, Club Secretary, absent on business and Mr. and Mrs. Byrne, due to the illness of Mr. Byrne. Mrs. Noor-venne sent an apology on behalf of her daughter, Louisa.

PRESIDENT'S REPORT

Mr. Edwards thanked Committee members for their support during the portion of the year he had been President. He also thanked members for the manner in which they had carried out patrols and looked after equipment and the club house and kept the beach clear of broken glass. This had resulted in only four cases of cuts caused by glass.

FIRST AID

Once again Mr. G. Shanahan had rendered invaluable assistance to the Club as first-aid officer. He had been ably assisted by David and Ann Shanahan and Mr. Byrne. Altogether 33 cases had required first-aid treatment. This figure was lower than usual due to the rather poor swimming weather last season, which had resulted in less people using the beach than in previous years. Miss H. Harley won the Senior Girl's prize in the Council's Operation Beach Clean Campaign and Miss A. Shanahan had won the Junior Girls' prize.

SECRETARY'S REPORT

In his report, read by the President, the Secretary, Mr. M. Slater remarked on the valuable addition to the club property of the new extension. He mentioned the awards gained by members this year, from the Royal Life Saving Society: Mr. J. Byrne, Service Cross; Mr. Roy Edwards, Bar to the Recognition Badge; Mr. G. Shanahan, Certificate of Thanks and Mrs. M. Mellett, Associate's Badge.

He commented on the success of the Annual Cabaret Dance, and regretted the absence of Mr. and Mrs. Byrne. He particularly thanked Mr. Wall for his efforts in selling so many tickets and also for taking charge of the effort. The combined profit on the night was over \$130, by far the biggest ever.

TREASURER'S REPORT

Mr. R. Hazeldine said the books had been audited by Mr. Noel Ham, A.A.S.A., A.C.I.S. and found correct.

The balance sheet showed the club to be in a sound financial position, despite the heavy loss on hiring buses for swimming training, etc., as against the income from fares charged. \$420 as against \$172 recouped in fares.

A lot of money had also been spent on repairs this year. Piano, \$35.50; new lock system, \$62; repairs to P.A. system, \$67; and renovations to the kiosk, \$162.

However, if the club carried on in the same manner, a sound position should be maintained in the coming year.

CHIEF INSTRUCTOR AND PROPERTY OFFICER

Mr. R. Bailey reported that only one Award of Merit had been gained, but this was understandable with most members being juniors. He felt, however, that many members could get their Bronze Cross this year.

The new property room and boat shelter was a great asset, and enabled equipment to be stored much better, particularly the trailer. There was still plenty of room for the boat, which the club hope to acquire in the future.

LETTER FROM CR. BURNS

Mr. Edwards said he had received a letter from Cr. P. A. Burns, thanking the club for the invitation to his wife and himself to attend the annual dance. He wished the club every success in the coming year, and enclosed a very generous donation.

MR. D. BUCKLAND

Representing the Royal Life Saving Society, Mr. D. Buckland of the Williams-town L.S.C. said he was sorry he had not been able to attend a club meeting before. However, he had beaten Mr. Frost to the gun when a nomination for a representative to attend the meeting was called for at the recent Royal Life Council meeting.

He felt that Mr. Frost had a very good working understanding with Altona and this was a very good thing.

Although Altona's record last year did not look very good on paper, he felt it was a very good effort by such junior members and augured well for the future. He wished the club every success in the coming year.

Mr. Buckland holds many positions with the R.L.S.S., including District Superintendent, Carnival Referee, Member of the Council and Judges Board.

MR. A. FROST

Mr. A. Frost of St. Kilda L.S.C. is well known to all Altona Life Savers. He is such a regular visitor that in another year or two he will probably be elected a Life Member!

Mr. Frost said he was happy to be invited to attend the meeting. He had attended three or four Club Annual Meetings recently, and had noticed a big drop in attendances at them all, including Altona's.

He congratulated the Club on a sound balance sheet. He said most clubs were showing good balance sheets, but smaller memberships at the moment.

Maybe the poor weather during the year had some bearing on it, so let's look forward to better weather this coming season.

He was extremely sorry to hear of his old friend, Jim Byrne being sick, and wished him a speedy recovery. He did not know how he would get on with his job as Examiner without Jim's help this year.

PUBLICITY OFFICER

Mr. J. Wall said he had held this position for nearly 15 years with a couple of short breaks.

He thanked the "Altona Star" for the great help given to the Club during this period, not only in giving so much space to reports on Club activities, but also in donations.

Copy had also been made available to the "Royal Life Saver" publication, and this had been most appreciated by the Editor of that journal, Mr. H. E. Walklate.

Before closing the meeting Mr. Edwards welcomed Mrs. Jean Nibloe, who has taken on the position of Minutes Secretary.

He also thanked Mr. Buckland and Mr. and Mrs. Frost for attending, also all members present.

RESULTS FOR SATURDAY, SEPTEMBER 26

Section I boys had a good win for their first match by 2 games against Sunshine Park.

Section I girls were beaten by Youth Club.

Section I No. 2 boys, undermanned due to unavailability, were beaten easily but tried hard.

Section II girls looked set to win going into the last set but were beaten by 2 games.

Section II boys were beaten by VRI.

Section III girls were victors, beating Rosamond.

Section III boys thrashed Liston-Esplanade by approx. 20 games.

Altona's senior teams did not get off to a good start in this year's summer competition. However, a number of regular players were unavailable and with these back a lot of improvement is expected this Saturday.

The best performance was that of B4 who, after losing the first set 6-0, came back to beat St. Monica's by two games.

This team, with newcomers Alan Boyd and Gary Scoffin in fine form, have a great chance of reaching the finals.

All senior players are expected to attend the working bee this Sunday starting at 10 a.m. The wind breaks for the new courts have now been purchased and will be put up on Sunday.

TRIP TO HANGING ROCK

Tickets must be purchased by this Sunday. Obtain tickets from G. Wood, H. Shields, W. Thomas or G. Findlay.
